INNOVATION

Innovation is defined as the process of bringing about new ideas, methods, products, services, or solutions that have a significant positive impact and value.

Fortuna Federn listens closely to our customers' needs. Our engineering team is continuously working on creative concepts so our machines perform to our customers' expectations for functionality and performance.

Introducing the Integrated MPK/CMH Loop and Trim Work Station!

Fortuna Federn's MPK/CMH Integrated Looping and Trimming Work Station features:

- **Combined Looping and Trimming in One Work Station.**
- **Improved efficiency and productivity.**
- **Space Saving on factory floor.**
- **Maintenance Savings: 1 Machine vs. 2 Machines.**

INTERGRATED MPK/CMH LOOP and TRIM STATION

MPK Hydraulic Loop Station:

The MPK Hydraulic Loop Station for semi-automatic production of single German (machine) loops on pre-coiled springs. Includes a standard set of tooling.

MPK-16 Hydraulic Loop Station	
Music Wire Diameter	0.276" to 0.630"
Spring O.D.	1.378" to 7.086"
Loop height	From 0.4 to 1xMD
Hourly Output	~ 600 pcs.

CMH Hydraulic Trim Station:

The CMH Hydraulic Trim Station for cutting off the springs, spring ends and spring legs.

CMH-16 Hydraulic Trim Station	
Music Wire Diameter	Up to 0.630"
Spring O.D.	1.378" to 7.086"
Hourly Output	~ 600 pcs.

Requires just one power connection of 4 kW that will power both work stations

We have a H MV-Power Reel for sale!

H MV-2000

Power Reel / Decoiler Machine

H MV-2000 Power Reel	
Maximum Wire Diameter	16mm or 0.630"
Maximum Capacity	4,409 LBS.
Table Diameter	5.74 Feet
Height from Floor	2.72 Feet
Height of Skein	2.64 Feet
Rotation Speed	0—60 RPM
Weight	2,866 LBS.
Power Consumption	7.500 Watts

This H MV-2000 is available for immediate delivery

- **Contact us for pricing and reserve your machine now!**
 - **Email Al Uzumcu at al@coilingequipment.com or**
Phone: 847-910-7348

Rapid Response!

We recognize that a fast response is important when you have an issue or a need!

Gerry Wright Al Uzumcu

We take pride in getting you an answer quickly when you contact us.

Whether you are looking for a replacement part, have a technical question or need a quote for the right machine for your spring making needs—we will provide you with a timely response.

Go to our website, email or call Al or Gerry directly.

Your Rapid Response Team

Many machines and options are available

COM-CNC Series – Spring Coiling Machines

- Designed for production of compression, extension, conical (one or both sides) springs and rings

Wire Bending & Forming Machine
Easy production for bending and wire forming
[Learn More](#)

Spring Looper Machines
Manual and electric spring looping machines
[Learn More](#)

Hydraulic Spring Looper Machines
Heavy duty spring hook forming machines
[Learn More](#)

WIM-CNC Series – Spring Lathe Coiling Machines

- Automatic servo controlled for COLD production of right and left coiled cylindrical, one side conical compression, extension and torsion springs, different wire forms and double torsion springs

Spring Trimming Machines
Designed for trimming springs
[Learn More](#)

Spring End Grinder Machines
Flat end grinding for compression springs
[Learn More](#)

Power Reels
Right and left-hand power reels
[Learn More](#)
